

Bullet Phone Outage
New Phone Number Available for Customers

Our phone provider has been experiencing a major outage over the last several days. This is impacting our Bullet toll free number.

We know how important it is for you to get ahold of us, therefore, we have set up a secondary toll free number and a local number for you to use to reach our service departments during this time.

These numbers are:

Toll Free: 888-571-5407

Local: 305-623-9223

Please note, due to this outage, you may experience longer hold times when calling. However, know that your business is very important to us and we are doing everything we can to get to you as quickly as possible. Please utilize our website for information when possible and we thank you for your patience as we work through this.
